

# Pentre Awel The Construction Employment Hub

The place to help, initiate,  
restart or further your career  
in construction.

# Who we are

**Bouygues UK are one the UK's leading Construction Contractors delivering projects such as schools, colleges, hospitals, leisure centres and housing. We have partnered with recruitment specialists Acorn to create an employment hub for the Llanelli and wider Carmarthenshire area for individuals interested in the construction industry.**

As two specialist businesses with a wealth of construction knowledge we would like to use the monthly hubs to help local individuals initiate, restart or further their careers in construction.

## How do I apply?
