

**RE: PROVISION OF PRIVATE ACCESS PROTECTION MARKINGS.**

Thank you for your request for a private access protection marking. Due to increasing demands, the following criteria for their provision now apply:-

1. The white bar marking is reserved for those sites where there is a persistent problem, with frequent obstruction of an access.
2. The lines are intended to deter drivers who would otherwise park across an access. Therefore they can be placed in residential streets with a high parking demand by non-residents e.g. near shopping or commercial areas. They will not be used where parking obstruction is by neighbours.
3. They shall be laid in accordance with the Road Marking Regulations and in white non-reflective material.
4. It should be noted that these markings have no legal standing. However if a vehicle does park on them, the presence of the line would tend to support the offence of obstruction.
5. If the work is agreed a charge of £80 plus VAT will apply. A cheque or postal order must be sent with each application made payable to Carmarthenshire County Council.

**I enclose a cheque/postal order in the sum of £96.00**
