

Well-being Objective 4

Start Well - Reduce the number of young people that are Not in Education, Employment or Training (NEET)

The number of NEET has risen for the first time in 3 years

The number of Year 11 NEET young people in Carmarthenshire has risen slightly for the first time in three years. The figure of 1.8% however remains below that of 2016/17. Disappointingly we have also seen an increase in Year 13 NEET young people. We will continue to work to ensure that all our young people will remain in Education, Employment and Work Based Training

Why it is important

- Reducing the number of NEET young people reduces the effects of poverty and the wider cost to society of support services, reliance on benefits and offending.
- It is essential to maximise the life opportunities of children, ensuring that as many young people as possible are able to progress to school 6th forms, Further Education Colleges, apprenticeships, training provision or work.
- It enables young people to contribute positively to their local communities.

Success Measures

1.8% year 11 pupils &
4.9% year 13 pupils
 are Not in Education, Employment or Training (NEET)
 (Previous year - Yr 11: **1.4%** & Yr 13: **3.0%**)

Explaining the Results

- 1.8%, or 32 of **Year 11** pupils becoming NEET equated to 96.1%, or 1,743 pupils remaining in Education, Employment or Training. A small number of pupils (38), either did not respond to contact or were known to have left Carmarthenshire. The result ranked 14th in Wales and above the Welsh average of 1.6%.

Destination data for Carmarthenshire Y11 pupils (Academic Year 2017-18)

- 4.9%, or 33 out of 673, **Year 13** pupils were known to become NEET, with 41 pupils either not responding to contact or being known to have left the area. Factors previously affecting the result include the rising cost of higher education, young people's awareness of training and employment opportunities and limited identification of this group of young people by schools following the A Level results. We will seek qualitative data to improve on this situation.

Progress Made

- ⦿ We have continued to deliver the local elements of the Cam Nesa and Cynnydd European Social Fund (ESF) projects, providing support services for young people at risk of becoming NEET. Funding for Cynnydd has been confirmed until 2022 while we await an announcement about continuing Cam Nesa funding. In seeking alternatives beyond ESF Funding we have used the Alternative Learning Company to deliver provision for 33 Key Stage 4 learners. This initiative is now being evaluated.
- ⦿ We are working in collaboration with the Regeneration department and Secondary Head Teachers to align learning pathways with the City Deal. The soon to be launched local curriculum will help to embed these pathways.
- ⦿ We have continued to discuss opportunities for apprenticeships within the county with Coleg Sir Gar including a heightened vocational offer for young people in the Llanelli area.
- ⦿ We have increased participation with young people, such as involving them in recruitment off staff and gathering their views and opinions to influence business planning and setting of priorities within our Youth Support Service, in order to effectively engage with those children and young people who are NEET. As a Council we employed 15 Apprentices 2017-19 and 18 Graduates.
- ⦿ Carmarthenshire's delivery of the Welsh Government Youth Engagement and Progression Framework includes identification of young people most at risk of disengagement, brokerage and co-ordination of support, tracking and transition of young people through the education system, provision to meet identified needs and developing the employability skills and opportunities for employment. This work is delivered primarily by the County Council's Youth Support Service, together with schools, Coleg Sir Gar, training providers, voluntary organisations and Careers Wales.
