Annex 1 – Third Party Grants Procurement Rules

Carmarthenshire Rural Enterprise Fund - Grant Guidelines

1. Introduction

- 1.1 Carmarthenshire County Council (the County Council) has made available funds to provide grant aid for capital projects for the county's rural enterprises. The Grant will provide assistance to enterprises and sole traders for the development of new and existing business premises, where new jobs are created as a result of the project.
- 1.2 The programme has a fixed budget and accordingly the scheme is based on a "challenge" principle. Priority will be given to applications that will provide tangible benefits to the local economy in terms of quantity and quality of direct jobs created in key sectors.
- 1.3 This scheme will be operated under the UK Subsidy Control Rules.

2. Eligible Areas / Applications

- 2.1 The building to be developed, improved or extended will have to be based in Rural Area of Carmarthenshire as defined in Local Development Strategy for Rural Carmarthenshire - Eligible local authority Wards include:

Hendy	Llangunnor	Quarter Bach

- 2.2 All applicants must be economically and financially viable.
- 2.3 Grants for works to property will be available to owners of the freehold interest in the property or to lessees holding a lease that has a minimum of seven years remaining at the anticipated time of final payment of grant

Leaseholders will have to secure their landlord's written consent to the proposed works.

3. Ineligible Works

These include:-

- Refurbishment where the use of a building will not be changed.
- Routine repair and maintenance works.
- Works relating to health and safety requirements/statutory regulations.
- Acquisition of property.
- Soft landscaping.
- Works which have already commenced.
- Equipment purchase

Ineligible Sectors – Please refer to UK Subsidy Control Rules

4. The Levels of Grant

The grant will be either based on £20,000 per job created or up to the following intervention rates, whichever is the lesser figure:-

Threshold	Company Size
45%	Small enterprise i.e. <50 employees, annual turnover which does not exceed £10.2 million
35%	Medium enterprise i.e. <250 employees, annual turnover which does not exceed £36 million
25%	Large enterprise - companies over 250 employees

This grant cannot be match funded by other public funding.

The maximum grant is £100,000. In exceptional circumstances this may be increased. This is at the discretion of Carmarthenshire County Council and the decision will be final.

5. Application Process

The procedure will consist of a two-stage application process.

5.1 The online expression of interest (EOI) application must be accompanied by the following:-

- Sketch drawings and photographs of the proposals/existing buildings

The online Expression of Interest can be found at the following address:

https://myaccount.carmarthenshire.gov.wales/en/service/Capital_Scheme

The deadline for submission of EOIs is the 20th April 2022, after which point we will review your submission and you will receive notification if you've been successful in being invited to full application stage.

- 5.2 The grants panel will then assess and consider all applications during the and will inform applicants as to whether or not they have been successful at stage 1.
- 5.3 If successful the applicant will then be requested to submit a more detailed Stage 2 application form accompanied by:-
- An A4 size or OS map extract of sufficient scale to clearly identify the exact location of the property concerned.
 - A current schedule of condition/structural survey of the property prepared by a professionally qualified surveyor or architect may be required, depending on the nature of the project.
 - Scaled drawings showing the existing building and the proposed works together with a detailed specification of the works. These should be prepared by a suitably professionally qualified architect / quantity surveyor.
 - Where applicable copies of all relevant statutory consents.
 - A statement showing the proportion of the fees that are attributed to the works and the name and qualifications of any professional consultant employed by the applicant.
 - A programme of works and forecast cost expenditure.
 - Latest accounts or in the case of a new business an income and expenditure forecast for the next 12 months.
 - Proof of land ownership or copy of lease together with landowners consent.
 - Proof of match funding.
 - Detailed business plan clearly showing how the project will proceed, to include 3 years cashflow projections. Assistance may be available with this, please contact Business Wales [Get Support | Business Wales \(gov.wales\)](https://gov.wales/get-support)
 - Detailed job descriptions for all jobs that will be created as a result of this grant.
 - Quotations / tenders from suitably qualified professionals for the design, supervision and certification of proposed work
 - Quotes / tenders for construction work.
 - Tender report from applicants Quantity Surveyor.

- 5.4 The grants panel and Council's Cabinet Member will then assess and consider the individual stage 2 applications. The applicant will be advised of the decision. No appeals will be considered.
- 5.5 If successful the applicant will receive a formal offer letter in duplicate with terms and conditions which they must sign both copies and return one copy together with a schedule of works and grant drawdown forecast.
- 5.6 To claim an interim grant payment a successful applicant must complete, sign (applicant only) and return an interim claim form together with an architects interim valuation certificate, invoice from the contractor and proof of payment.
- 5.7 To claim a final grant payment a successful applicant must complete, sign (applicant only) and return a final claim form together with architects practical completion certificate, all original project invoices and proof of payment. If the eligible works expenditure is lower than anticipated in the grant offer, the grant will be reduced on a pro rata basis.

6. Definitions

Enterprise – any entity engaged in an economic activity, irrespective of its legal form. This includes self-employed persons and partnerships, Limited Companies or associations regularly involved in an economic activity.

Direct job - A permanent FTE job (30hrs+) which can be counted and monitored as part of the project e.g. one that is created as a result of support to that business

7. Assessment Criteria

Applicants should note that the County Council will be assessing the project against various criteria:-

- Number and quality of FTE jobs created.
- Number of buildings / floor area improved / developed.
- Value for money – based on the percentage of grant requested in relation to the economic benefits.
- Impact on Welsh Language
- Impact on Swansea City Region Strategy Objectives
- Linkage with Carmarthenshire's Economic Recovery Plan

8. The Grant

- 8.1 The grant can only be offered in those cases where the Council is satisfied that without such aid the project will not proceed, either on the scale envisaged or within a reasonable time frame.
- 8.2 The amount of the grant offered to each project will be determined by the County Council and will be based on the lowest tendered cost of the approved works which are considered eligible for grant aid.

- 8.3 The amount of grant specified in the grant offer letter is the maximum County Council contribution towards the project. In the event of there being any reductions in the cost of the approved works, the County Council will make a pro-rata reduction to the amount of grant originally offered.
- 8.4 Grant will normally be awarded exclusive of VAT. If the applicant cannot recover VAT this may be accepted as an eligible cost at the discretion of the County Council, subject to the applicant undertaking to repay to the County Council any VAT element which later becomes reclaimable from HM Customs and Excise as a result of a change in the applicant's VAT status.

9. Contract implementation professional fees

- 9.1 Grant recipients must employ an appropriately qualified professional to assess tenders, supervise project works and provide certificates for completed works. This cost may be included in the qualifying expenditure for grant assistance up to a limit of 15% of the total construction cost provided that it has been accounted for in the application form and the County Council's specific written agreement has been sought prior to the engagement of consultants. The professional consultant must hold a qualification appropriate to the nature of the works proposed.
- 9.2 Applicants should provide quotations/ tenders (in line with procurement guidelines as set out in section 12 below) from suitable qualified professionals for the design, supervision and certification of proposed works.

10. Application for grant

In making an application for grant, the applicant will warrant to the County Council that all information provided in connection with and accompanying both application forms is and remains true and accurate in all respects and that any estimates and anticipated forecast outputs or other facts were made after due and careful research and investigation. The warranty will be deemed to be given again at the time the applicant submits the grant claim form. Please note that the applicant and not any appointed agent acting for the applicant must sign the application form.

11. Land Registry

A restriction will need to be placed on the title deeds of the property and registered with the Land Registry for a minimum of seven years from the date of final grant payment. The applicant is responsible for arranging this and any associated costs. After this period the applicant will also be responsible for pursuing its removal and any costs associated with this process.

12. Procurement

When making a purchase or paying for a service, applicants should aim to get value for money whilst offering a range of businesses the opportunity to provide those goods or services in a fair and transparent manner.

The applicant must therefore ensure that the following procurement procedures are adopted according to the estimated value (exc. of VAT) of the contract at quotation/pre-tender stage. Your decision must demonstrate best value and you must keep records which supports your decision.

Failure to fully comply with the procurement thresholds will render the costs ineligible for assistance under this fund.

Please refer to Annex 1 for the rules

13. Avoiding conflicts of interest

It is possible that project applicants, or persons connected with them (such as relatives, business partners or friends) may wish to tender for a contract being offered by the project applicant. This is not unacceptable, but the applicant will need to make sure that they conduct the transaction as openly and as transparently as possible. If the applicant or any person connected with them, has an interest in any of the potential bids for a contract offered:-

- the applicant is required to declare any interest prior to the issue of tender documentation;
- a list of proposed tenderers is provided to Carmarthenshire County Council for consideration prior to issue of tender documentation;
- tenders should be returned directly to Carmarthenshire County Council
- the applicant should not be involved in the issue, opening or recording of those tenders.
- The process should be managed by an architect or quantity surveyor on behalf of the applicant.
- the applicant should consider how its procurement guidelines should be applied to ensure not only that the procedure is fair to all bidders but can be seen to be so also;
- every stage in the procedure should be recorded formally and the records retained on file and be made available for inspection.

14. Statutory Consents

Stage 2 applications must not be submitted until all required statutory consents (e.g. Planning Permission, Listed Building Consent, Building Regulation Approval have been applied for. A project without full approved consent may be considered at Stage 2 of the application process subject to status and any award of grant will be conditional on securing the required consent.

15. Insurance

For a period of five years from the grant award date, the applicant must comprehensively insure the property with a reputable insurance company and, if requested, provide the County Council with evidence of such insurance.

16. Repair and condition

For a period of 5 years from the grant payment date the applicant is required to keep the property in a good and substantial state of repair and condition.

17. Repayment of grant

Funding shall be withheld and/or, insofar as payment has been made, the grant recipient shall repay funding either in whole or in part, including if:

- a domestic check by the Authority, the National Audit Office, Wales Audit Office, or any of their representatives, identifies circumstances whereby a full or partial repayment of funding is due, or, if the Authority otherwise requires the funding to be withheld, reduced, cancelled or recovered;
- there has been an overpayment of funding;
- the applicant is found to have made any misrepresentation in connection with the application;
- the applicant has breached the provision of terms and conditions of grant;
- the property is not fully re-instated within 12 months of any occurrence giving rise to loss of or damage to the property;
- during its economic life, the project undergoes substantial change defined as being used for purposes other than those specified in the application, or, having a change of owner without notifying Carmarthenshire County Council. The economic life is the period of final payment of the grant.

18. Disposal of assets

- 18.1 The applicant must secure the County Council's written consent to any disposal of the property within 5 years of the final payment of grant.
- 18.2 The County Council will seek to register an interest in the grant aided property with the Land Registry by either a restriction or legal charge. In the case of unregistered land where the option of a restriction is not available there may be a requirement for a legal charge at all times. This process will alert the County Council to any change in the ownership or lease of the property. The Council will wish to ensure that no changes are made to the grant aided work and will not unreasonably withhold any consent but may require that the grant be repaid in part or in whole.

The Council will not unreasonably withhold such consent but may require that the grant to be repaid in part in line with the following:

Date of disposal of asset(s)	Amount to be repaid
Within 1 year	Funding to be repaid in full
Within 2 years	80% of funding to be repaid
Within 3 years	60% of funding to be repaid
Within 4 years	40% of funding to be repaid
Within 5 years	20% of funding to be repaid

After 5 years	No funding to be repaid
---------------	-------------------------

The above are minimum repayment requirements

19. Monitoring

- 19.1 The applicant must retain any original invoice, account or other document (including serial numbers of goods purchased) relating to your approved project for ten years from the date of the final grant payment.
- 19.2 Carmarthenshire County Council have the right to audit the activities of the grant on approved projects at all levels of delivery, on an appropriate sampling basis and will be, as far as possible, carried out before the final payment is made for a project but may occur after project completion.
- 19.3 Upon giving reasonable notice, the County Council reserves the right to inspect the property/works or approved project at any time between receipt of a grant application and the expiration of 5 years from the final grant payment date. The County Council may appoint such professionals as it sees fit to undertake such inspection on its behalf.
- 19.4 This grant fund is awarded under UK Subsidy Control Rules, and the County Council therefore require you to advise us of any public funding you have received any period of 3 consecutive fiscal years immediately preceding your application.

20. Other issues relating to the application for grant

20.1 Welsh Language

Applicants will need to outline the ways in which the scheme encourages the development of the Welsh Language and retain local workforce.
All signage erected as part of the project will be required to be bilingual.

- 20.2 Please be advised that you will need to comply with the Health & Safety at Work Act and Construction, Design & Management Regulations.

21. Asbestos

- 21.1 If asbestos is found within the building, which is the subject of a grant and it is evident at the outset then it may be possible for the applicant to include these costs within the overall project cost. If this is only established after a grant award then it will be the responsibility of the applicant to meet any costs associated with its safe removal and disposal from site.

22. General Data Protection Regulation (GDPR)

- 22.1 To find out more about how we use your information, please contact Rian Furlong on 01267 242319 to obtain our Privacy Notice, or visit our website www.carmarthenshire.gov.wales

23. Subsidy Control Rules

This scheme is public subsidy and will be subject to the UK Subsidy Control Rules. UK Subsidy Control Rules means the EU-UK Trade and Cooperation Agreement and (as applicable) the Northern Ireland Protocol; the World Trade Organisation rules; any Trade Agreement that the UK has in place and any subsequent or related legislation.

This is as a result of the UK's independent membership of the GPA (Government Procurement Agreement).		

Important Guidance

Advertising via Sell2Wales

* It is possible for you to advertise on the National Procurement website, www.Sell2Wales.co.uk if you are in a situation where you have difficulty in identifying the minimum number of suppliers required and/or would like to vary or attract new suppliers to quote or tender. Advertising via Sell2Wales is best practice, however you may feel that you are better able to identify potential suppliers who could provide the best overall offer. This facility is available to you free of charge, please visit the Sell2Wales website <http://www.sell2wales.gov.uk/> and contact the website helpline on 0800 222 9004 for further information.

Seeking Quotations/Tenders

For spend above £5,000 it is essential that the quotes/tenders are sought from appropriate suppliers for the goods, works or services required. In circumstances where it is evident that unsuitable quotes/tenders have been sought, there may be a requirement to advertise via Sell2Wales.

Other Funders

If a project involves any other or additional funding streams, these Third-Party Grant Procurement Rules must be followed as a minimum for the total estimated spend of the requirement.

Avoiding conflicts of interest

We recognise that it is possible that applicants / developers or persons connected with them (such as relatives, business partners or friends) may wish to tender for a contract being offered by the applicant / developer. This is acceptable, but applicants will need to ensure that the tendering process is undertaken in an open, transparent and fair manner, as outlined above, which does not give one person or company tendering any advantage over another, which arises from the process. Appropriate measures to prevent identify and remedy any conflicts of interest must be carried out.

If an applicant / developer or any person connected with them directly or indirectly, has a financial, economic, political, or other personal interest which might be perceived to compromise their impartiality and independence in the context of the procurement procedure:

- that applicant / developer, or any other person or party with an interest must declare that interest in writing to the Project officer who will offer advice accordingly.

- specifications and evaluation criteria must not be biased or tailored to favour one solution or any one party over another.
- that person or party with an interest should take no part whatsoever in any of the tender evaluation procedures to ensure that the process is fair to all. It is acknowledged that the grant applicant may be required to provide the final approval
- every stage of the procedure must be recorded formally.
- If the contract would normally be subject to a single tender procedure, it is recommended that the sponsor should seek written quotes from at least two other suppliers (i.e. following the procedure set out above for contracts between £5000 and £25,000)

The purpose of these guidelines is to ensure that there is fairness in the spending of public money and that the integrity of the applicant is not compromised.

Changes to the specification or contract

If any changes are required to the specification after seeking quotes/tenders which affects the original scope of the requirement, a new procurement exercise may need to be undertaken to ensure that best value for money has been achieved. This may occur where there are unforeseen additions to the original requirement, where tenders are received in excess of the available budget, where funding levels change etc. The grant applicant must inform the Project officer who will offer advice accordingly.

- **Failure to observe the relevant procedures outlined above will be considered non-compliant and may lead to a withdrawal of the grant offer and potential claw-back of funding.**
- **In cases where you are unable to satisfy the requirements of these procedures you must always inform the project manager.**
- **If you have any queries as to how these procedures should be applied, you should contact the project manager for clarification and further guidance.**
