

STATEMENT OF REASONS

PROPOSED TRAFFIC CALMING SAFE ROUTES IN THE COMMUNITY – FIVE ROADS, LLANELLI

Construction of round-top, raised road humps is being proposed in Five Roads along:

- The B4309 Class II Road near Blaengwastod Farm, Llwynteg and Porfeydd Newydd; and
- The C2209 Class III Road north of Pantyffynnon.

Construction of a flat-top raised plateau is being proposed along the B4317 Class II Road near Parkum Villas.

Carmarthenshire County Council considers the measures to be necessary in the interests of road safety - to maintain low vehicle speeds within residential areas, areas of walked routes to school and in the vicinity of proposed and existing uncontrolled pedestrian crossing points.
