

### 1. Proposed zebra crossing to replace existing uncontrolled crossing on Cilycwm Road

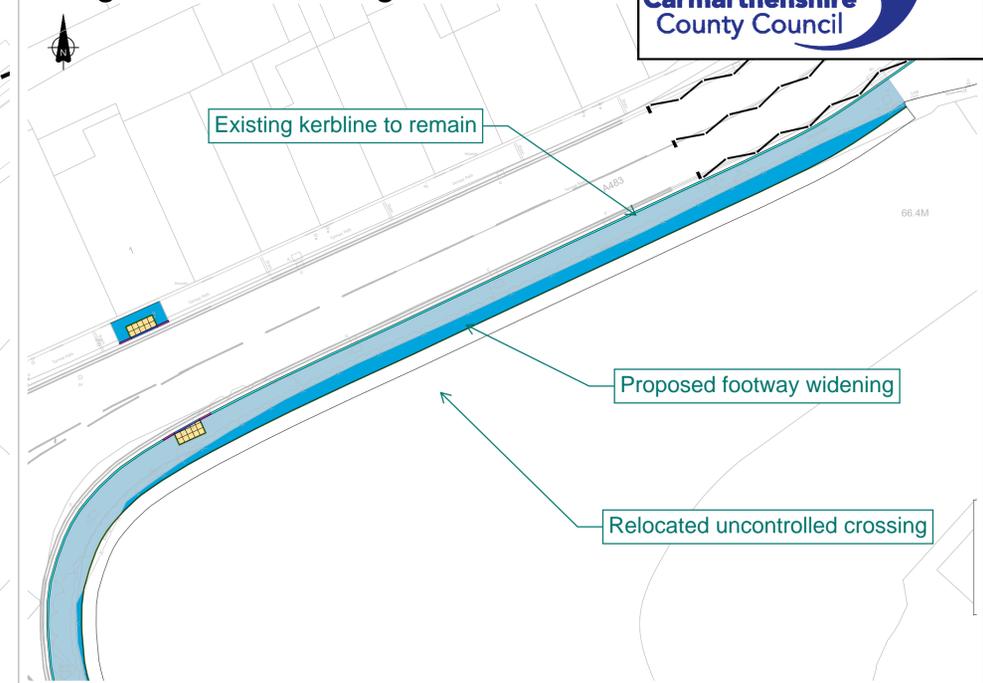

Providing a zebra crossing on Cilycwm Road, with lit orange beacons, is intended to make the crossing location more conspicuous, whilst requiring vehicles to allow pedestrians to cross. This is intended to make crossing safer, in particular for pupils at the adjacent Ysgol Rhys Pritchard.

### 2. Proposed zebra crossing on New Road

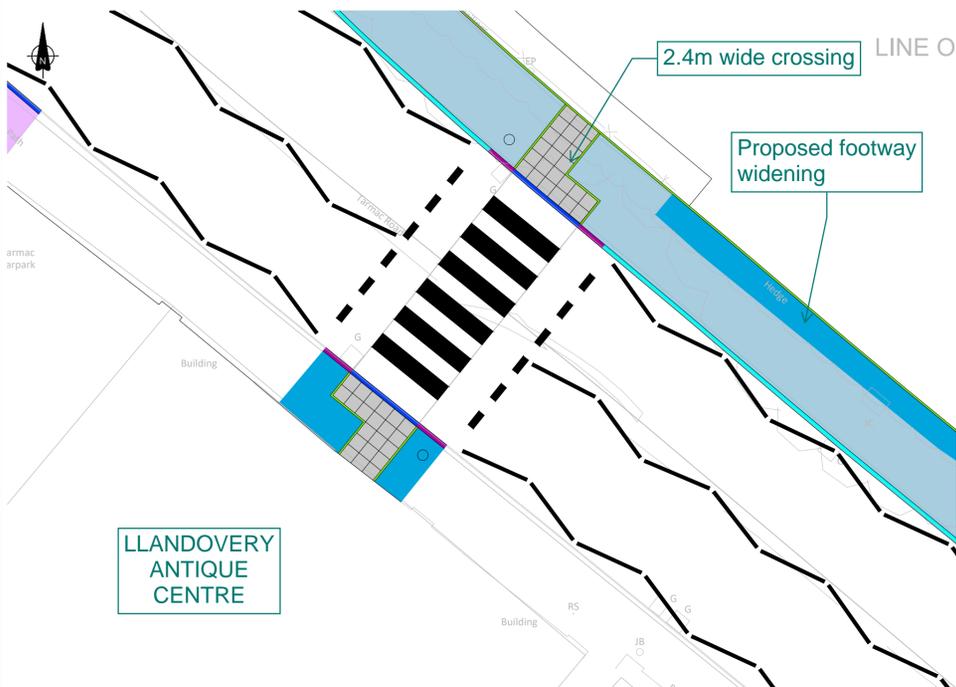

Providing a zebra crossing on New Road, with lit orange beacons, is intended to provide a formal and conspicuous pedestrian crossing location, requiring vehicles to allow pedestrians to cross. This is intended to make crossing safer, including for pupils at the adjacent Llandovery College and general journeys between Llandovery Train Station and Llandovery Hospital.

### 3. Widening of existing footway along New Road - target width 2.5m

Widening the existing footway from approximately 1.6m to 2.5m is intended to improve the attractiveness of the route for pedestrians, as well as supporting greater numbers of pedestrians using this route,

### 4. Proposed zebra crossing on Queensway

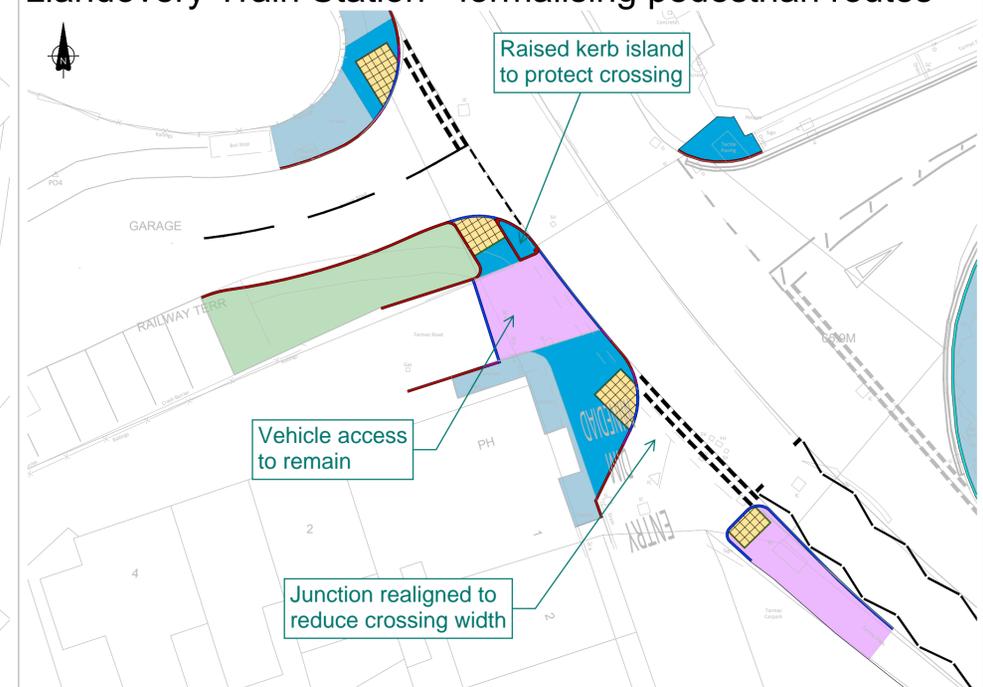

Providing a zebra crossing on Queensway, with lit orange beacons, is intended to provide a formal and conspicuous pedestrian crossing location, requiring vehicles to allow pedestrians to cross. This is intended to make crossing safer, including for journeys to and from Llandovery Train Station

### 5. Widening of existing footway along Queensway - target width 2.5m

Widening the existing footway from approximately 2.0m to 2.5m is intended to improve the attractiveness of the route for pedestrians, as well as supporting greater numbers of pedestrians using this route, including groups of students walking between Llandovery College and the college playing fields.

### 6. Proposed amended junction arrangement at Llandovery Train Station - formalising pedestrian routes

Making the pedestrian crossing location clear, whilst reducing the distance to cross - improving safe walking journeys to and from Llandovery Train Station.
