As part of the preparation of the Local Development Plan (LDP) we are arranging an event for developers and builders who work in Carmarthenshire. The event will take place at 3.00pm on Thursday 5th July at St Peter's Hall, Carmarthen.

The meeting will involve an informal discussion with the LDP Planning Officers and will be an opportunity to share your views on planning policy and how it could be improved. There will also be an opportunity to ask any questions about the LDP.

If you would like to attend, contact our LDP team on [forward.planning@carmarthenshire.gov.uk](mailto:forward.planning@carmarthenshire.gov.uk)

There's a few weeks remaining for you to have your say on the future development of Carmarthenshire...

We recently invited submissions from developers, landowners and the public for sites that could be included for new development, re-development or protection in the Revised Local Development Plan for 2018 – 2033. It's very important to us that people have their say - we want to ensure that everyone has a fair opportunity to see what land has been put forward, which will help us assess the sites as part of the preparation of future LDP stages

📣 Have your say about the future growth of Carmarthenshire.

We're consulting on our deposit revised Local Development Plan - a key planning framework document that will shape and guide development through to 2033. The plan shows land allocations for new homes and businesses as well as policies to protect and promote the environment, the Welsh language, the economy and employment growth.

Our consultation is open until March 13 at 4.30pm – see the plan and supporting documents...

5 Feb 2019 · 🌐

You have until Friday (Feb 8) to lodge your support or objection on sites that have been suggested to us for future development or protection as we draft our next Local Development Plan (LDP).

Over 900 'candidate sites' have been put forward for possible inclusion in our next LDP, which will guide development decisions in Carmarthenshire until 2033.

The current consultation on candidate sites is one of the first stages in a long process - your feedback will allow us to assess the suitability of the suggested sites, as we prepare the next stages of the LDP for further consultation later this year.

The final decision on the next LDP is expected to be made in December 2021.

View and comment on the candidate sites ➡
