

STATEMENT OF REASONS

PROPOSED PROHIBITION OF OVERTAKING ORDER – B4309, BANCYCAPEL

Carmarthenshire County Council proposes to prohibit overtaking along a section of the Class II, B4309 road at Bancycafel in the interests of road safety.

This section of the road is characterised by side-road junctions, changes in level, and restricted forward visibility, which make safe overtaking difficult and increases the risk of collisions, particularly head-on incidents.

It is envisaged that this Order will reinforce the unsuitability of overtaking, improve compliance with restrictions, and reduce the likelihood of accidents. It is considered a necessary and proportionate measure to improve safety for all road users.
