Foreword

Welcome to this year's annual scrutiny report. As we moved past Covid over the past year we are still very much in the age of hybrid meetings. Scrutiny in Carmarthenshire has remained strong and of course we had the local elections in 2022. Following the local elections it was agreed to align the names of the scrutiny committees with the briefs they shadow so you will see a change from the last report in that scrutiny committees will have changed their names. We hope this will make it easier to match up the scrutiny committee to the cabinet member and the department they are scrutinising.

As I mentioned earlier 2022 was an election year so we have had a new intake of councillors and a comprehensive training and development path has been made available to help them to better understand the role of scrutiny and how they can play their part in it. This training was done via remote and in-person sessions.

Last year also saw the introduction of pre-decision scrutiny where scrutiny committees see the upcoming works of the cabinet and can influence policy areas or intervene before final decisions are taken. Following these changes scrutiny got underway in Autumn of last year, when all committees set their forward work plans using this new system. We will be reviewing the impact of these new changes in due course, but we need to allow time for them to bed in.

As scrutineers we hope to better engage with our constituents and I reiterate our aim of getting more people tuning into scrutiny committees to see how we work. We also remain mindful of the Audit Wales recommendations that were made to us a few years back and we have made great strides in trying to make scrutiny better here in Carmarthenshire.

Finally, I would like to thank the Democratic Services Unit of the Council who support our scrutiny work and without them we wouldn't be able to function.

Cllr. Giles Morgan
Chair of the Chairs and Vice-Chairs of Scrutiny Forum
Carmarthenshire County Council's Scrutiny Champion

Scrutiny in Carmarthenshire

Scrutiny plays a key role in improving the services that the people and children of Carmarthenshire use. The majority of decisions are made by the Cabinet of 10 County Councillors. Scrutiny offers the other 65 Councillors an opportunity to influence those decisions and act as a “critical friend”. It is also useful in ensuring that Council policies reflect current priorities, as well as promoting efficiency and encouraging effective partnership working with external bodies. Scrutiny Committees’ main roles and responsibilities are to:-

- Examine how well the Cabinet and Council are performing;
- Hold the Cabinet to account and seek to promote open and transparent decision-making;
- Monitor the performance of the Council’s services and functions;
- Review decisions made by the Cabinet where appropriate;
- Assist the Cabinet in the development, monitoring and review of policy;
- Scrutinise, as a key element of the consultation process, the proposed revenue budget strategy and capital investment programmes;
- Enable the participation of external organisations and partners in consideration of issues that may impact upon the delivery of Council and countywide priorities.

All non-executive Councillors can be appointed to at least one Scrutiny Committee, depending on their specialist interests or expertise.

Carmarthenshire County Council has 5 Scrutiny Committees:-

- Communities, Homes & Regeneration
- Corporate Performance & Resources
- Education, Young People & the Welsh Language
- Health & Social Services
- Place, Sustainability & Climate Change

The Committees normally meet 8 times a year on a 6 weekly basis to consider issues and reports included in a Scrutiny Forward Work Plan, which is developed at the beginning of the municipal year. Additional meetings are sometimes arranged if required and special or joint meetings may be held to consider urgent or cross-cutting issues.

The Scrutiny Committees are politically balanced to reflect, as far as possible, the political composition of the Council as a whole. The Chairs and Vice-Chairs of Scrutiny Committees are appointed by Council at the beginning of each municipal year for a period of one year (e.g. May 2022 to April 2023). They also participate in the Chairs and Vice-Chairs of Scrutiny Forum, which meets on a quarterly basis to oversee the strategic direction of Scrutiny.

The Scrutiny Committees

Standard Scrutiny Monitoring Reports

All Scrutiny Committees receive the following monitoring reports as standard and have previously agreed the frequency and format of these reports:-

Performance Monitoring Reports - One of the principal roles of a Scrutiny Committee is to monitor the performance of services and functions under its remit. They undertake this work mainly through the consideration of half-yearly performance monitoring reports, which provide a balanced picture of performance. In addition, the Committees receive business plans and compliments and complaints monitoring information.

Revenue & Capital Budget Monitoring Reports – Each Scrutiny Committee receives half-yearly reports on the revenue and capital budgets for the services within their remit.

Actions & Referrals Updates – During the course of the municipal year several recommendations and requests for additional information are made by Scrutiny Committees to assist them in discharging their scrutiny role. Quarterly Action and Referral Reports are produced to provide an update on progress against the recommendations and actions requested.

Partneriaeth Scrutiny Councillor Group

The Partneriaeth Scrutiny Councillor Group is a regional group that consists of the Chairs and Vice-Chairs of all the Education Scrutiny Committees from across the Partneriaeth Consortium. The aim of the Group is to ensure there is consistent scrutiny across the region on matters within the remit of Partneriaeth. It meets twice a year to discuss Partneriaeth items and the opportunity is also taken to consider other education items of common interest. The meetings take place on a rota basis between the Local Authorities that form the Partneriaeth Consortium. The Chair of the Group is also rotated and is normally the Chair of the hosting Local Authority. Previous meetings have been productive and Estyn views the Group as a strength for the Consortium. The meetings are administered by the City & County of Swansea's Scrutiny Team. The Chair of the Education, Young People and the Welsh Language attended one meeting and the Vice-Chair attended both meetings held during 2022/23, both of which were held remotely.

Swansea Bay City Deal Joint Scrutiny Committee

The Swansea Bay City Deal Joint Scrutiny Committee is a regional scrutiny committee consisting of 12 non-executive members of the four Swansea Bay City Deal Constituent Authorities. The Joint Scrutiny Committee was established in July 2018 to review and scrutinise the Swansea Bay City Deal Joint Committee. It aims to ensure greater public accountability over decisions made by the Joint Committee and any of its sub-committees and related entities. This complements Local Authority scrutiny work on individual projects of the City Deal that fall within their remit. The Joint Scrutiny Committee is hosted by Neath Port Talbot County Borough Council. The Joint Scrutiny Committee meets on a quarterly basis. The first meeting was held at Carmarthenshire County Council in November 2018. Three members of Carmarthenshire County Council sit on the Joint Scrutiny Committee, including the Scrutiny Champion. Five meetings were held during the 2022/23 municipal year.

South West Wales Corporate Joint Committee

Formally constituted in January 2022, the Corporate Joint Committee for South West Wales covers the Local Authority areas of Carmarthenshire, Neath Port Talbot, Pembrokeshire and Swansea. The Committee will improve the regional planning, co-ordination and delivery of transport, land use planning, economic development and energy.

The Corporate Joint Committee has established a Governance and Audit Sub-Committee and an Overview and Scrutiny Sub-Committee. Three non-executive members of Carmarthenshire County Council have been appointed to both Sub-Committees. The Governance and Audit Sub-Committee met once during the calendar year and the Overview and Scrutiny Sub-Committee met four times over the municipal year.

The Scrutiny Sub-Committee is hosted by Neath Port Talbot County Borough Council and the Governance and Audit Sub-Committee is hosted by Pembrokeshire County Council.

Looking Ahead to 2023/24

Each Scrutiny Committee must develop and publish a Forward Work Plan for the forthcoming year and an annual report outlining the work and outcomes of the previous year. All annual reports for 2022/23 have been completed and approved by the relevant Scrutiny Committee.

Article 6.2 of the Council's Constitution requires all Scrutiny Committees to prepare an annual report giving an account of the Committee's activities over the previous year. As part of their review undertaken in July 2022 Audit Wales found that, whilst the annual reports prepared for 2020-21 referenced some limited examples of outcomes, they were largely an account of the work undertaken rather than an assessment of their effectiveness or impact. This feedback was taken on board and a move towards a more outcome focussed style will be introduced for the 2023-24 Annual Reports.

At the beginning of each municipal year, each Scrutiny Committee will identify topics for consideration during the year, *decide which reports from the Cabinet Forward Plan they wish to come before them for pre-decision and make use of the Democratic 'Gateway Document' to prioritise workload.* The Forward Work Plan planning session and regular meetings to update the plan also provide members with the opportunity to consider potential Member Development Sessions and topics for further scrutiny investigation. The annual reports and Forward Work Plans are available to view on the Council's website.

The Council continues to face serious budgetary pressures and needs to continue to identify and achieve even more savings and efficiencies. A key achievement for the Council will be to maintain and deliver improvements to services, whilst meeting the required savings targets. Scrutiny Committees will continue to contribute and challenge in a constructive way to support the Council in meeting these challenges.

Key policies, plans and performance will continue to be monitored and scrutinised. The Council's overarching policies and plans include: the Annual Report and Improvement Plan, Wellbeing Objectives, Ageing Well Plan and Corporate Strategy. The Corporate Performance & Resources Scrutiny Committee has the overarching remit for corporate policy, strategy and performance. However, such plans and objectives also cross over into other scrutiny areas. Where appropriate, all Scrutiny Committees will consider elements of such plans and policies relevant to their remits. Innovative solutions will be sought to reduce duplication and waste, such as more use of joint committee working.

Other key areas that the Committees will be focussing on include:-

Communities, Homes & Regeneration – Emergency Social Allocations Policy Monitoring; Incentive Scheme for Tenants; Service Charge Policy; Applying Intentionality to Priority Need (Homelessness Duty); Alternative Town Centre Uses; Housing Revenue Account Business Plan 2024-27; Supplementary Planning Guidance – Carmarthenshire Revised Local Development Plan 2018-2033; Levelling Up/Shared Prosperity Fund Update; Alternative Outdoor Education Offer; Departmental Business Plans; Revenue Budget Strategy Consultation 2024/25 to 2026/27.

Improvement / Self Assessment

As part of its Follow Up Review on Overview and Scrutiny “Fit for the Future” the Wales Audit Office (now Audit Wales) found that the Authority had not yet met one of their proposals for improvement and put in place arrangements for assessing the effectiveness and impact of scrutiny.

Further to the proposals for improvement recommended by the Wales Audit Office (now Audit Wales) and in order to strengthen the Authority's scrutiny arrangements and as a basis on which to evaluate success, a self-assessment of the Scrutiny Service was undertaken in late 2019, the results of which were considered by the Chairs and Vice-Chairs of Scrutiny Forum in early 2020. Due to the lack of responses (14 out of 74 members) the Forum agreed to undertake a further survey in late 2020. Unfortunately, this was not done as priority was given to Covid related matters and the move to virtual meetings. It was agreed that a further survey be undertaken in Spring 2023 when the new Scrutiny Structure and pre-decision Scrutiny approach would have had a 6 month bedding-in period.

Support for the Scrutiny Function

Support for the Scrutiny function is provided by the Democratic Services Unit, based in the Administration & Law Division of the Chief Executive's Department. The support provided includes:-
